<b>Fishing Sinkers</b>	Not stocked
<b>Joogle Eyes</b> – (7mm round)	12093
<b>Pom Poms</b> 7mm (pkt of 100)Asst colours	12606-01
<b>Glue</b> —EC PVA 500ml	02857

## How to make a Rocking Bunny:

1. Make a small slit into the bottom of a Poly Egg and push a Sinker into the cavity until it cannot be seen.
2. Paint the Poly Egg with paint and set aside to dry.
3. Glue on Joggle Eyes, and a Pom Pom nose.
4. Use Chenille Stems for ears and whiskers by poking the stem into the painted Poly Egg. Try twisting two Chenille Stems together or wind them around a pencil to create a spiral effect.
5. Glue on a Pom Pom tail or poke a Chenille Stem into the back of the Poly Egg.
6. Push the Easter Bunny to one side and it should bounce back to being upright.
